2017 KOREA MARITIME SAFETY EXPO

The Events for the Prevention of Maritime Casualty and the Promotion of Maritime Safety

The Exhibition of Equipment for Maritime (Shipbuilding) Safety and Technology

International Maritime Safety Conference

Events
- Trade Meeting with the international Navy
- Best Life Jacket Contest
- Maritime Safety Experience Zone

2017.6.14(Wed.) ▶ 16(Fri.)
BEXCO, BUSAN, KOREA

Hosted by
Ministry of Oceans and Fisheries
BUSAN METROPOLITAN CITY
Due to many tragic maritime accidents in 2014 such as Sewol Ferry and 501 Fishing Vessel, People’s needs on reinforcement of maritime safety have been greatly increased. In order to meet these needs and reduce their anxiety, Ministry of Oceans and Fisheries and Busan Metropolitan City will host Korea Maritime Safety Expo.

By holding Korea Maritime Safety Expo, We will not only help to raise awareness of maritime safety but also restore the nation’s trust through reinforcement of maritime safety policy and technology. This specialized exhibition in maritime safety field will stimulate the maritime economy and establish a business base in the maritime safety industry.

Sponsored by 34 major maritime safety organizations such as Ministry of Public Safety and Security and Republic of Korea Navy. Korea Maritime Safety Expo will be consisted of three categories:

1. The Events for the Prevention of Maritime Casualty and the Promotion of Maritime Safety
   - International Maritime Safety Conference

2. The Exhibition of Equipment for Maritime (Shipbuilding) Safety and Technology
   - A variety of experts and organizations from the government, institutions, associations and corporations in the Maritime Safety field will be in attendance.

3. We would like to invite you to the Expo of maritime safety.
   - We are looking forward to meeting you at Bexco, in Busan, Korea from the 14th to the 16th of June, 2017

Why KOMASE 2017?

1. The largest specialized exhibition of maritime (shipbuilding) safety equipment and technology in Korea.
   - KOREA MARITIME SAFETY EXPO, which will be hosted by Ministry of Oceans and Fisheries and Busan Metropolitan City, will display ballast water treatment system, e-navigation, marine (shipbuilding) safety equipment, pollution-preventable equipment, marine rescue equipment, individual equipment, security equipment, fire-protection and firefighting equipment. Your outstanding products and technologies will stand out clearly in this specialized exhibition.

2. 34 major governments, institutions, companies in maritime safety field in Korea are with us.
   - To contribute the whole governmental cooperation and organize network for maritime safety, we are getting support from the government, associations, and companies in maritime safety. Especially, the sponsorships from Ministry of Public Safety and Security, Republic of Korea Navy, Korean Register of Shipping, Big dockyard, and National Federation of Fisheries Cooperatives will help to meet buyers and experts be gathered in one place for their business networking.

3. We will offer a variety of opportunities for companies specializing in maritime safety to expand their business.
   - During the Expo, the international military officials and coastal guards will be present at the invitation of The Republic of Korea Navy. Moreover, the effective business achievement can be gained through the meetings with the purchase agents such as major domestic dockyard buyers and the presentations of various companies’ new products and technologies.

4. International Maritime Safety Conference will be held with diverse events such as MOU Signing Ceremony and Best Life-Jacket Contest.
   - By inviting international and domestic experts and specialists from maritime safety area, International Maritime Safety Conference will show a high-quality event. Also, we will offer various events such as a MOU Signing Ceremony and the Best Life Jacket Contest to ensure governmental cooperation for maritime safety.
